

SQL Advent Calendar

Santa's audit team is reviewing this year's behavior scores to find the extremes — write a query to return the lowest and highest scores recorded on the Naughty or Nice list.

Question 1: Santa's audit team is reviewing this year's behavior scores to find the extremes — write a query to return the lowest and highest scores recorded on the Naughty or Nice list.

```
SELECT
    min(behavior_score) as lowest_score,
    max(behavior_score) as highest_score
FROM
    behavior_scores
;
```
