Some elves took time off after the holiday rush, but not everyone has returned to work....

Question 1: Some elves took time off after the holiday rush, but not everyone has returned to work. List all elves by name, showing their return date. If they have not returned from vacation, list their return date as "Still resting".

```
select elf_name,  
       (case when return_date is not null then return_date  
             else 'Still Resting' end) return_date  
  from elves e left join vacations v  
    on e.elf_id=v.elf_id;
```
